

# Lunch & Learn

THURSDAY  
JUNE 14  
2018

"Mitigating the effects of  
FEMA Funded demolitions in  
New Orleans through GIS  
based survey"

Presented by:  
Andrea McCarthy,  
GIS staff member of the  
LA Division of Historic  
Preservation

1 disaster  
5 agencies  
10 years  
57,000+ properties

**Come and learn the effects a natural disaster can have on historic properties, how these effects are assessed, and how GIS can be an important tool for mitigation through documentation. We will cover disaster response, agreements between federal and state agencies, survey methods and publication, and of course, lessons learned.**

**Time: 11:30 am - 1pm**

**Where: EBRPL Main Library, 7711 Goodwood Blvd., Baton Rouge, LA 70806**

**Register Online: [www.urisa.org/chapters/louisiana-chapter/](http://www.urisa.org/chapters/louisiana-chapter/)**

**Cost: \$15 for members; \$20 for non-members**

**Membership Fee: \$50 (\$20 for students)**
