RE: Endorsement of OneURISA

Dear Ms. Townsend,

As President of the New England Chapter of URISA, I am writing to demonstrate our chapter's support in favor of the OneURISA Membership Model Initiative.

Our chapter acknowledges that we benefit by our relationship with URISA. We see the relationship between our two organizations deepening and our benefits increasing as a direct result of the OneURISA Membership Model Initiative. We look forward to using the same membership management software as URISA as well as welcoming members of URISA into our chapter.

URISA can count on the support of the New England Chapter in moving forward with OneURISA.

Sincerely,

*Kathryn Brewer*
