

LUNCH & LEARN

TWO STORY MAP TUTORIALS

"A Demonstration on How to Create ESRI Story Maps"

By: Justin Priola, GISP

GIS Coordinator, City of Baton Rouge/Parish of East Baton Rouge

When: Tuesday, April 30th, 2019

11:30 am - 1 pm

Where: Baton Rouge Green

2241 Christian St.

Baton Rouge, LA 70808

*Limited parking on street

Please car pool or park under the overpass

**Up to 24 seats available

**Thank you Justin
& Baton Rouge Green
for making last month's
lunch and learn possible!**

Join the fun as the Local Planning Committee prepares for the annual URISA 2019 GIS-Pro Conference. We are learning how to create Story Maps of local attractions for conference attendees. If you want to have a hands-on experience, then bring your laptop. Our presenters are prepared to help you create your very own story. Just pick a local topic, do some research, and collect JPEGs and text for each landmark along your journey. Be sure to create an Arcgis Online account.

Here are a few links to check out before attending these lunch and learns:
