9AM - 3PM

Course Description:

This hands-on workshop introduces ArcGIS users to the ArcGIS Pro software. The class begins with the basics, logging into Pro and connecting to a portal, then the process of creating maps and optimizing the display of the data. A quick introduction to queries and geoprocessing will be covered, as well as layouts. Upon completion of this course, existing ArcGIS users should have a good foundation of ArcGIS Pro skills.

- **25 seats** available at each location
- **15 laptops** will be available (**must register online to reserve a laptop**)
- Personal laptops must have ArcGIS Pro 2.0 or 2.1 software that can run when they are off network
- Contact Andrew Milanes (amilanes@es2-inc.com) should you need help with your laptop setup prior to workshop

Coffee & Lunch Included:

Let us know if you require special menu considerations by emailing LouisianaChapterURISA@gmail.com

Register Online: www.urisa.org/chapters/louisiana-chapter/

Workshop Cost: \$75 for members
\$125 for non-members
